Through Our Eyes: Snapshots of our Lives from Around the World” as it happen!

Dear Students,

Project ‘Friends Beyond Borders’ seeks to encourage you to make connections around the world in order to broaden the scope of your education and to make the community of global citizens.

In the pilot project this year, Westtown School is looking at the primary & secondary school students.

They intend to create a viewing space on the internet and publish a book of selected images.

You (participant) will document your life as you live it, the things you care about, the things you see every day, your hopes, dreams and passions.

The shooting day is on the **May 10<sup>th</sup> 2012**. It starts soon after you get up in the morning and proceed through the day like any other day, with one key difference: Bring a camera! You are expected to take pictures whenever, wherever and of whatever you want.

Here are some ideas for possible themes to photograph

- Greeting the morning (Breakfast, etc.)
- Friends, pets and family
- School life
- The world around you – your neighborhood, your environment, the sights.
- Dance/music/art in your life
- Sports/recreation/fun things you do
- What you love

- What challenges you
- What brings you joy
- The end of your day

These by no means exhaust the topics for photography. The point is to show the world how you are living in your different setting. You are encouraged to live your day as normally as you would without changing any thing of what you might do. Just take some pictures.

**Stop taking pictures once May 10<sup>th</sup>, 2012 ends.** (At midnight wherever you are)

Go through the pictures, and pick out the ones you are willing to send. Not more that **15 photos need to be submitted by May 12<sup>th</sup>, 2012.**

You will mail these pictures along with your **name, grade level, age, school, and your town/city and country.** Mail id's will be given to you.
